## SKILLS

- **Languages:** JavaScript, Kotlin, JAVA
- **Frameworks:** Node, React, Express, Tailwind, Next
- **Tools/Platforms:** MySQL, MongoDB
- **Soft Skills:** Problem-Solving Skills, Teamwork, Project Management, Adaptability

## TRAININGS

- **Meta Front-End Developer Professional Certificate** July 2023
  - *Web Application Development & Testing*
    - Gained hands-on experience in developing, implementing, and maintaining web applications.
    - Assisted by Meta professionals with the design, development, testing, implementation, and maintenance of app using React.js on a weekly basis.
    - Performed automated and manual tests to ensure the software created are up to date and working seamlessly.
    - Detected and tracked software bugs and inconsistencies in the program.

## PROJECTS

- **WanderLust – Your travel buddy**  
Domain: MERN | Programming Languages: JavaScript, Bootstrap
  - Built a global hotel booking and listing app for discovering accommodations worldwide.
  - Added key features like hotel search, booking flow, and user reviews to enhance user experience.
  - Set up a Node.js server environment with Express to manage backend operations and support the functionality.
- **Sorting Visualizer**  
Domain: Next.js | Programming Languages: TypeScript, Tailwind CSS
  - Developed a sorting visualizer to demonstrate sorting algorithms in DSA.
  - Used Next and Tailwind CSS to design a responsive, modern, and user-friendly interface.

## CERTIFICATES

- |   |            |
|---|------------|
| • Meta Professional Android Certificate - by META (Coursera)              | 6 months   |
| • DSA with JAVA and MERN Stack (Sigma) -by Apna college                   | 8.5 months |
| • The Complete Web Development Bootcamp for 2024 by Dr. Angela Yu (Udemy) | 4 months   |

## ACHIEVEMENTS

- **Solved 350+ questions in DSA on Leetcode**  
High problem count (possibly 260+) hints at mastery of problem-solving and data structures using Java. This suggests tackling a wide range of coding challenges, making you well-prepared for technical interviews.
- **4 Star rating on HackerRank**  
A solid 4-star rating in Java indicates a strong grasp of Java's core concepts like syntax, data structures, and some libraries. This showcases your proficiency as a Java programmer

## EDUCATION

- |   |                                    |
|---|------------------------------------|
| • <b>Lovely Professional University</b><br><i>Bachelor of Technology - Computer Science and Engineering; CGPA: 7.51</i> | Punjab, India<br>Since August 2021 |
| • <b>Marigold Public School</b><br><i>Intermediate; Percentage: 73.4%</i>   | Katewara, Delhi<br>March 2021      |
| • <b>DAV Public School</b><br><i>Matriculation; Percentage: 94.2%</i>   | Samastipur, Bihar<br>March 2019    |
